

A woman with short dark hair, wearing a white jacket over a red and white striped top and a red skirt, is looking down at an open newsletter she is holding. The newsletter has a cover with the title 'STRUGGLE Behind THE SCENES' and a photograph of a group of people. The background is a dark, paneled wall. The text 'Newsletter' is overlaid in the center, and 'April 2021' is overlaid at the bottom.

Dear Friends!

We have been called upon to say some more about covid-19. The news is still dominated by the covid-19 virus, masks and vaccines! We are daily met by scaremongering propaganda on the radio, TV, newspapers and the net telling us how bad things will get unless people use masks, keep two metres' distance and are vaccinated. Persons, with whom we have been in contact, have searched the web and read about the dangers connected with the new vaccine, but due to pressure and uncertainty, they have chosen to be immunised. Moreover, Bill Gates is saying that the three next vaccines will be very important. Indeed, if people continue being immunised, accepting the coming vaccines, many will experience terrible side effects. Many have already died because of the vaccine, and the more injections administered, the more deaths we will experience. This is quite simply murder.

The chemical substances in the shots will remain in the cells of the bodies of persons who have been immunised. Substances in the vaccine override the immune system's

response to the virus, weakening the body's own line of defence against the virus. People will have to be immunised again, as soon as there is a new virus or a new mutation. (See the videos *Shot in the Dark, Part 1 + The Highwire – Vaccine Disaster Ahead + A Coming Covid Catastrophe* at Brighteon.com.) So Bill Gates is stating that the next three vaccines will be very important. We, however, are of the opinion that they will ruin

your body. Christian leaders, who believe the body is a temple of the Holy Spirit, are caving in, trusting more in the vaccine, than in God as our doctor. However, ought we not to believe that God is all-powerful? Should we not believe that He will heal us when we trust in Him and follow His advice on health, using the medication of nature? God has created us with a fantastic defence system, and now that the vaccine is

to replace this defence system, and we shall be weakened. Nothing is as unique and excellent as our own

immune system. This is the way God has created us and we should cooperate with Him, instead of putting our trust in powers and governments and their vaccines.

Of their free will, or under pressure, many have now been immunised. But if they later on realise their mistake, there is always forgiveness to be had from God, whereas they will be required to face the consequences. In the long run we will see how this pans out.

The president of Tanzania was a Catholic, but he resisted the vaccine, he went against the U.N. and their immunisation strategy. He gave his life in order for the people not to have to take the vaccine. He was an honest and upright person. There are many individuals like that within the Catholic Church. Having a vast knowledge about the vaccine, he wished to warn his people about the

consequences of being immunised. Suddenly, he went missing, and within days he was reported dead. The new president is saying he will adhere to the U.N. call for vaccinations. This is an example of what will happen to us, if we are not obedient to powers and governments. Some will be fined, others will be isolated, or possibly even jailed.

A Global Vaccine Passport

And now a vaccine passport is coming to many countries. It is going to be a global vaccine passport. Unless you take the shot, you will get no vaccine passport, meaning you will be barred from going by aeroplane, train, bus, tram and the like. Neither will you be allowed to go shopping with others, or work with others. You will face pressure to take the shot. ***This is a foretaste of what is coming next***, namely the mark of the beast. In the Bible we read that anyone refusing to accept the mark of the beast will not be allowed to buy and sell. Revelation 13:16. We can see the same tactic being used here. Now the powers and governments are following a global strategy. The same strategy will be employed when the mark of the beast is introduced. Are you prepared for what is about to happen? If you cave in, accepting the shot, perhaps you will obey the same strategy when the

mark of the beast is put into law? It is now we must learn to follow God's advice, not giving in to pressure from powers and governments when they introduce something that goes against God's plan!

There will be no end to this immunisation. Now the vaccine industry wants children six months old to have the shot, too. This will mean experimenting with vaccines on babies, and in some vaccines they

have put body tissue from slain fetuses. This is part of Satan's plan to ruin as many children and adults as possible. They used to sacrifice children to Moleck, now they sacrifice them through the abortion industry, and they also use them in vaccines. Even jogging shoes (from Nike) feature an image of a Satanic hexagram-symbol on the front of the shoes,

and children are being fed spiritism and things satanic, whereas Christian films are being shoved aside. Is it any wonder the world is so bad, when Satan is given pride of place in movies, running shoes and in the media?

Experiences Distributing the Book, The Great Controversy

Now we want to thank all of you who have been in touch to hand out the Norwegian GREAT CONTROVERSY! We

have ourselves begun distributing this book in the street, having had many fine experiences. First off, let us say it is wonderful to hand out the volume in person to people. They are being offered a fine book GRATIS. A history book about Martin Luther and the Reformers describing the spiritual battle all the way

to our time and the return of Jesus. By knowing about history, we can better understand our own age,

read it even if it had no pictures.' Going home, he intended to begin reading!

A lady exited a shop, and as I (Abel) passed her, I offered the lady the book. She wanted it, and right then her husband came driving their car, to pick up her and all the goods – and then she said: 'You see, my husband is an old priest!' So I opened the door of the car and told the old

because history repeats, albeit in new ways. People in the street are thrilled by this book. They are excited that we – as a gift! – can present them with such a nice book, incorporating historical images on almost every page, making the text come alive and catch their imagination.

priest: 'Your wife would like this book.' He eyed it, showing some scepticism,

So far, we have walked up and down the streets of Gjøvik and Lillehammer city, Norway. We have been amazed at the number of people accepting the book.

As I (Abel) was presenting the book to a man, showing him all the illustrative and nice historic pictures, he suddenly reacted, saying: 'No need to talk more about all those images. The book is interesting to me, and I would have

but his wife wanted the book, he put it on the back seat, and off they went.

A driving instructor was standing waiting for his next pupil. At first, we discussed his occupation a little, and then I (Abel) presented the book to

him. Then he said: 'This book will do just fine. I enjoy reading. I have just finished a book, so now I will read this one.'

A woman told me she had the book at home, but had never read it. Her edition consisted only of text, but when seeing all the historic pictures, she said: 'This book I am going to read!'

A female sat on a bench, sunning herself. Immediately she spotted the name 'Ellen G. White' on the cover. Then she exclaimed: 'Ah, so the Adventist Church publishes this volume!' 'No,' said I (Abel), 'the Adventist leaders in Norway have decided not to print this book for the masses, hence a new edition, which we now are handing out, without the backing of the Adventist Church.' She informed me that she used to be

an Adventist, but had left the church. Reading the endorsement on the back cover, she uttered: 'Yes, *that* person I have heard about.' Then I said: 'That is me.' She was surprised, and she ended up wanting a copy.

During the day of distribution in Lillehammer city, the sun shone and the weather was beautiful. Another woman was sitting down tanning herself. She accepted the book. A little later, the lady was gone. She had left, but her book was still perched on her foot-stole. I let it lie there.

When I returned shortly afterwards, a man had just picked the book up, and was walking about studying it. Perhaps the gentleman was meant to have that copy?

Some youth also accepted it respectfully and with thanks.

We had many nice experiences, and

these instances are just a sample of our experiences.

Those declining were not given the

book, thus it was not thrown away. Nor did we find any copies in the rubbish baskets that we peered into in Lillehammer, so their new owners must have put some value on the books to bring them home. In Gjøvik city we did find two copies in rubbish baskets, so unfortunately a few books were tossed away!

Several persons are putting books in letter-boxes, and we allow each distributor to ask God in prayer to decide what to do: Hand them out in the street, walk from house to house, or put them in letter-boxes. The best type of contact is achieved by a direct offer to the people, letting them decide to accept it or not. This way,

very few books are discarded. A personal contact also makes possible many useful conversations which can lead to even more contacts! May the Lord lead each individual distributor!

The Proper Foundation

The Apostle Paul writes this: *'Now therefore ye are no more strangers and foreigners, but fellow citizens with the saints, and of the household of God; And are built upon the foundation of the apostles and prophets,*

Jesus Christ himself being the chief corner stone; In whom all the building fitly framed together groweth unto an holy temple in the Lord: In whom ye also are builded together for an habitation of God through the Spirit.' Ephesians 2:19-22.

'Nevertheless the foundation of God standeth sure, having this seal, The Lord knoweth them that are his. And, let every one that nameth the name of Christ depart from iniquity.' 2. Timothy 2:19.

Are not these encouraging texts? We have only one foundation, on which to build our faith and our lives, and

that is Jesus Christ. And he that remains in Jesus Christ departs from iniquity. He keeps to God's commandments, His guidance and principles. He does not sully himself with women (churches) and is not yoked to the world.

God's true children in the last moments of the end time will join forces on this firm foundation, and they will grow up into a holy temple in the Lord. We believe this is the way forward. In our own strength we fail to live as we ought, but when we fully want to walk in God's path, Jesus has promised He will send the Holy Spirit as the power source in our lives. This power we have experienced on many occasions. We have felt that we have not stood alone. We have, moreover, learned that we have spiritual siblings sharing our stance in all lands. May the Lord help us to be faithful to His way and will to the last! Philippians 2:13.

When Jonah arrived in Nineveh warning the people that God would wipe out the city, **UNLESS** they turned around, they realised the seriousness of the situation and dressed themselves in sackcloth and ashes. This, the SDA leaders have not done. They keep defending their stance and their diversions. This we have been through for over 30 years now. We can see that the message to the

Laodiceans is true, and that it is from God, but it is still not too late to turn around. This applies to all of us. Here we are met with an **unless** and an **if**. **If** we follow God's way, the blessings shall come, but **unless** we turn around and follow God's way, the curses shall come. God is not mocked. God is gracious, patient and loving towards all of us, but there comes a moment,

when we have gone too far, and then we are required to eat the bitter fruits of our own doing! It is now up to us to decide whether we shall imitate the people of Nineveh, while there is yet time! Time is running out, and shortly the Holy Spirit will be poured out like on the day of Pentecost. Are you, are we, prepared to receive the latter rain? This will determine our eternal destiny! And the Bible says that God gives His Spirit to those who obey Him. Acts 5:32. The Holy Spirit was given on the day of Pentecost, as Matthias replaced Judas. They were then of one accord. They were then, once more, twelve disciples. Then they experienced the fullness of the Spirit. Likewise, the twelve tribes, the 144

000, being of one accord and following Jesus all the way, will not have sullied themselves with women, but are as virgins, so they will receive the Holy Spirit in the latter rain. Are you ready for this? Have you decided to follow Jesus all the way and, spiritually speaking, not you sully yourself with women? Have you turned around? Have you chosen a different path, than the path of apostasy? Are you – spiritually speaking – like a virgin?

The Mission Covers More Ground

Through the grace of God, our mission is enlarging. A person in Serbia got the booklet, *The Struggle behind the Scenes*. Its message electrified him and he has now translated the booklet into Serbian. The booklet is now being designed and made ready for print by an enthusiastic lady in Lithuania, who also has done the layout of the Russian, Lithuanian, Croatian, Polish and Swedish editions. Learning of the existence of such zealous persons is most gratifying.

We continue to receive reports from Uganda, stories of recipients of the booklet, *The Struggle behind the Scenes* or *The Protest Is not Over...* and

have accepted the message. It is always nice to get reports like this one:

«We have started to realize the impact of this project. On sabbath that's 20th. Feb. 2021 we shall be baptizing a group of people who have been studying the booklets *the PROTEST IS NOT YET OVER*, *Struggle behind the scenes*, and *A KING is Coming*. And a

few copies I have printed for the KISWAHILI Speaking community.»

In another letter it says: «Hello Pastor Abel ! it's long time since I last talked to you. I would like to inform you about the success stories of some copies of the literature I have been

distributing among the community I serve. So far I have registered six people for baptism. Among those is the Pentecostal pastor that I had earlier on told you about Pr. Krisitome Uzira.»

In a third letter we read: «Greetings, Pastor Abel, am Pastor Kugonza Robert am glad to report to you that the Lord through your ministry has enabled us to baptize four souls. Whom I have been sharing with this message of hope. The booklet the struggle behind the scenes, the Elites tightens the grip, coming King and the protest is not yet over.

Have done a big contribution towards informing the literate class about Jesus. I hope the more time that I spend sharing the gospel with others more souls are going to be won to Christ and I will be reporting to you.

Below are the photos of the friends we baptized.

However, I remind you of the proposal we had made to translate the booklet **THE PROTEST IS NOT YET OVER** in Rutooro which is going to help quicken the penetration of the Good news. The translation and editing process was done. I pray that through CIS we can mobilize for more funds to complete this project. We had collaborated with pastor Thorkild Pedersen and agreed to do it immediately after the work is done.

I hereby remind you to think about it as well.

This language is called Runyakitara can be read by over seven tribes i.e batoroo, banyoro, banyankole, bakiga, basongara, batuku, bamba and banyamboga. These people speak the same words that just differ in pronunciation.»

Hitherto, the booklets for Uganda have been printed in English, and some have also been translated into the Kiswahili language by persons there in Uganda and in Kenya. Now we have sent money for the first 10,000 copies of *THE PROTEST IS NOT OVER – 500 YEARS AFTER LUTHER* to be

printed in their tribal tongue Runyakitara (Rutooro). Yesterday we received this report from him, who champions this campaign:

This person goes on with these words: To God be the glory. Dear pastor I received the Funds for printing the pamphlets. I have mobilized a team of devoted gospel volunteers who are going to do the distribution in the homes in the respective places I had listed to you earlier i.e. Ntoroko, Bundibugyo, Fort Portal, Kasese, Kibale, and Kyenjojo Political Districts. Immediately after printing I have organized a dedication prayer day of this pamphlet before it's distribution that will be on 10th. April.2021.

I request you to join us in prayers on that day and the entire CIS family. I will be sharing with you the stories as they will be transpiring.

This is an interesting account, because in Revelation 14:6 we read that the last message of grace and warning is to reach all *kindreds*, and tongues, and people.

Distribution Close By, Too!

Around Easter we will continue sharing literature with people on the

streets of several Norwegian towns, unless, of course, the corona restrictions are too severe, and we, therefore, are praying that God may prepare the way for us, so that we may meet positive individuals, as we go from door to door in those districts where we have had our patients!

A big thank-you to all of you praying for us and supporting our mission with your contributions!

The Lord is soon coming! Maranatha!
